## What *not* to bring to Farm & Wilderness Family Camp

- At Family Camp we maintain F&W's value of living life **without** electronics. We make our own music and don't use electronic players. The only Pods invited are those that hold peas...and if you bring a blackberry we will bake it into a pie ☺
- Food/candy in the cabins (this policy is enforced by animals in your cabin).
- **Pets of any kind.**
- Stiletto heels (climbing up and down the mountains would be difficult in these).
