

Guidelines for Parents & Chaperones- ICE CUTTING

- We ask that chaperones be attentive to the children they are responsible for **at all times** during the weekend to ensure for their safety and well being.
- We ask that chaperones know their chaperoned children's whereabouts and activities throughout the entire Weekend. It is recommended that you sign up for the same cabin as the camper you are chaperoning.
- As the primary contact and guide for the folks you are chaperoning, we ask that **you are aware of and help your campers follow the guidelines and rules for the weekend.**
- We recommend that children participate in a project with their chaperone.
- We ask that an adult stay behind and supervise small children too young to help out with work projects.
- **Unless they have permission from their chaperone or parent to leave with another adult, participants under the age of 18 may not leave Farm & Wilderness property without their parent or chaperone.**
